

Performance and versatility for compact tractors

Designed for compact tractors with a 540 speed PTO and category 1 linkage. Spaldings compact Flail Topper is capable of clearing tough grass, scrub brush and thick grass effortlessly to leave a consistently neat finish.

CE APPROVED
GUARANTEE 12 MONTHS

Heavy duty gear box with integral slip clutch.

Heavy duty rotor shaft – manufactured from 8mm thick steel for strength and reliability. Heavy duty forged flails – capable of shredding tough woody stems whilst leaving a neat finish on grass.

Heavy duty twin "V" belt drive easily tensioned when required

Front stone guard manufactured from metal for durability, NOT plastic as with other makes

Heavy duty frame construction

Three stage cutting height easily achieved by simple adjustment of rear roller

Rear roller with forged spherical ends mounted on self aligning bearings for long bearing life
